

## Helix Announces Proposed Offering of New Convertible Senior Notes

August 11, 2020

HOUSTON--(BUSINESS WIRE)--Aug. 11, 2020-- Helix Energy Solutions Group, Inc. ("Helix") (NYSE: HLX) announced today its intention to offer, subject to market and other conditions, \$175 million principal amount of Convertible Senior Notes due 2026 (the "2026 Notes"). Helix intends to use a portion of the net proceeds from the offering to repurchase a portion of its outstanding 4.25% Convertible Senior Notes due 2022 (the "2022 Notes") and its outstanding 4.125% Convertible Senior Notes due 2023 (the "2023 Notes" and, together with the 2022 Notes, the "Outstanding Notes") in privately negotiated transactions effected through one of the underwriters or its affiliate, as Helix's agent, concurrently with the offering (the "repurchase transactions") and to fund the cost of entering into the capped call transactions described below. Helix intends to use any remaining net proceeds from the offering for general corporate purposes, which may include the repayment of other indebtedness. Wells Fargo Securities, LLC and Evercore ISI are acting as joint book-running managers for the offering.

The terms of any repurchase transaction will depend on several factors, including the market price of Helix's common stock and the trading price of the 2022 Notes and the 2023 Notes at the time of such repurchase(s). Any repurchase transactions may affect the market price of Helix's common stock. Helix also expects that, should it repurchase a portion of the Outstanding Notes, holders thereof that sell such Outstanding Notes to Helix may enter into or unwind various derivatives with respect to Helix's common stock and/or purchase or sell shares of its common stock in the market to hedge their exposure in connection with these transactions. In particular, Helix expects that many holders of the Outstanding Notes employ a convertible arbitrage strategy with respect to such Outstanding Notes and have a short position with respect to Helix's common stock that they would close, through purchases of its common stock, in connection with Helix's repurchase, if any, of their Outstanding Notes. This activity could increase (or reduce the size of any decrease in) the market price of Helix's common stock or the 2026 Notes at that time, which could also impact the initial conversion prices of the 2026 Notes.

In connection with the pricing of the 2026 Notes, Helix expects to enter into one or more privately negotiated capped call transactions with one or more of the underwriters of the offering and/or their respective affiliates and/or other financial institutions (the "option counterparties"). The capped call transactions are expected generally to reduce the potential dilution to Helix's common stock upon any conversion of the 2026 Notes or at the election of Helix (subject to certain conditions) to offset any cash payments that Helix may be required to make in excess of the aggregate principal amount of the converted 2026 Notes, as the case may be, upon any conversion of the 2026 Notes, with such reduction or offset subject to a cap.

Helix has been advised that, in connection with establishing their initial hedges of the capped call transactions, the option counterparties or their respective affiliates expect to enter into cash-settled over-the-counter derivative transactions with respect to Helix's common stock concurrently with, or shortly after, the pricing of the 2026 Notes and may unwind these cash-settled over-the-counter derivative transactions and purchase shares of Helix's common stock in open market transactions following the pricing of the 2026 Notes. This activity could increase (or reduce the size of any decrease in) the market price of Helix's common stock, the 2026 Notes or other equity-linked securities of Helix at that time. In addition, the option counterparties or their respective affiliates may modify their hedge positions by entering into or unwinding various derivatives with respect to Helix's common stock and/or purchasing or selling shares of Helix's common stock or other securities of Helix in secondary market transactions following the pricing of the 2026 Notes and from time to time prior to the maturity of the 2026 Notes (and are likely to do so on each exercise date of the capped call transactions, which are expected to occur during the observation period prior to the maturity date of the 2026 Notes (the 40 trading day period beginning on the 41<sup>st</sup> scheduled trading day prior to the maturity date of the 2026 Notes), or following any termination of any portion of the capped call transactions in connection with any repurchase, redemption or conversion of the 2026 Notes if Helix makes the relevant election under the capped call transactions). This activity could also cause or avoid an increase or a decrease in the market price of Helix's common stock, the 2026 Notes or other equity-linked securities of Helix, which could affect the ability of holders of the 2026 Notes to convert their 2026 Notes and, to the extent the activity occurs during any observation period related to a conversion of the 2026 Notes, it could affect the number of shares of Helix's common stock and value of the consideration that holders of the 2026 Notes will receive upon conversion thereof.

The 2026 Notes are being offered pursuant to an effective shelf registration statement on Form S-3 filed with the Securities and Exchange Commission (the "SEC"). Copies of the prospectus and preliminary prospectus supplement relating to the offering may be obtained from the offices of Wells Fargo Securities, LLC, Attention: Equity Syndicate Department, 500 West 33rd Street, New York, New York 10001, Telephone: 800-326-5897, Email: [cmclientsupport@wellsfargo.com](mailto:cmclientsupport@wellsfargo.com) or Evercore Group L.L.C., Attention: Equity Capital Markets, 55 East 52nd Street, 36th Floor, New York, New York 10055, Telephone: 888-474-0200, Email: [ecm.prospectus@evercore.com](mailto:ecm.prospectus@evercore.com). Electronic copies of the prospectus and preliminary prospectus supplement may also be obtained, when available, by visiting EDGAR on the SEC's website at [www.sec.gov](http://www.sec.gov).

This announcement shall not constitute an offer to sell or the solicitation of an offer to buy any securities nor shall there be any sale of any securities in any state or jurisdiction in which such offer, solicitation or sale would be unlawful prior to registration or qualification under the securities laws of any such state or jurisdiction.
