PROXY STATEMENT
ANNUAL MEETING OF SHAREHOLDERS
MAY 14, 2003

We are providing these proxy materials in connection with the solicitation by the Board of Directors of Cal Dive International, Inc. of proxies to be voted at Cal Dive's Annual Meeting of Shareholders to be held on May 14, 2003, and at any adjournment of the Annual Meeting.

GENERAL INFORMATION ABOUT THE ANNUAL MEETING AND VOTING

WHO MAY VOTE AT THE ANNUAL MEETING?

The Board has set March 17, 2003 as the record date for the Annual Meeting. If you were the owner of Cal Dive Common Stock at the close of business on March 17, 2003, you may vote at the Annual Meeting. You are entitled to one vote for each share of Common Stock you held on the record date, including shares:

- Held directly in your name with our transfer agent, Wells Fargo Bank Minnesota, N.A., as "shareholder of record".
- Held for you in an account with a broker, bank or other nominee (shares held in "street name").
- Credited to your account in the Company's Employees Retirement Savings Plan or Employee Stock Purchase Plan.

Each share of our Common Stock has one vote on each matter to be voted on.

HOW MANY SHARES MUST BE PRESENT TO HOLD THE ANNUAL MEETING?

A majority of Cal Dive's outstanding common shares as of the record date must be present at the Annual Meeting in order to hold the meeting and conduct business. This is called a quorum. On the record date, there were 37,632,058 shares of Cal Dive Common Stock outstanding held by approximately 8,467 owners of record. Shares are counted as present at the Annual Meeting if you:

- are present and vote in person at the Annual Meeting; or
- have properly submitted a proxy card.

WHAT PROPOSALS WILL BE VOTED ON AT THE ANNUAL MEETING?

There are only two matters currently scheduled to be voted on at the Annual Meeting: PROPOSAL 1 -- the election of two "Class II" Directors; PROPOSAL 2 -- Amendments to the 1998 Employee Stock Purchase Plan.

HOW MANY VOTES ARE REQUIRED TO APPROVE EACH PROPOSAL?

The election of each Director nominee requires the affirmative "FOR" vote of a majority of the shares present in person or by proxy at the Annual Meeting and entitled to vote on the election of Directors. The Amendments described in PROPOSAL 2 requires approval by the affirmative "FOR" vote of a majority of the shares present in person or by proxy at the meeting and entitled to vote on that proposal. Any other proposal being voted on requires the affirmative "FOR" vote of a majority of the shares present in person or by proxy at the meeting and entitled to vote on that proposal.

HOW ARE VOTES COUNTED?

You may either vote "FOR" or "WITHHOLD AUTHORITY" to vote for each nominee for the Board of Directors. You may vote "FOR," "AGAINST" or "ABSTAIN" on PROPOSAL 2 and any other proposals. If you vote to "WITHHOLD" authority to vote on the election of Directors, your shares will not be considered entitled to vote on the election of Directors. If you "ABSTAIN" from voting on the other proposals, it has the same effect as a vote against those proposals. IF YOU JUST SIGN AND SUBMIT YOUR PROXY CARD WITHOUT VOTING INSTRUCTIONS, YOUR SHARES WILL BE VOTED "FOR" EACH DIRECTOR NOMINEE, "FOR" THE AMENDMENTS TO THE EMPLOYEE STOCK PURCHASE PLAN AND "FOR" EACH OF THE OTHER PROPOSALS.

If you hold your shares in street name and do not provide voting instructions to your broker, your shares will not be voted on any proposal on which your broker does not have discretionary authority to vote. In this situation, a "broker non-vote" occurs. Shares that constitute broker non-votes are not considered as entitled to vote on the proposal in question, thus effectively reducing the number of shares needed to approve the proposal to elect Directors. With regard to the amendments to the Employee Stock Purchase Plan, a broker non-vote has the same effect as a vote against the proposal.

HOW DOES THE BOARD RECOMMEND THAT I VOTE?

Cal Dive's Board recommends that you vote your shares "FOR" each of the Director nominees in PROPOSAL 1 and "FOR" the Amendments to the Employee Stock Purchase Plan in PROPOSAL 2.

HOW DO I VOTE MY SHARES WITHOUT ATTENDING THE MEETING?

Whether you hold shares directly, in a Cal Dive stock plan or in street name, you may direct your vote without attending the Annual Meeting. If you are a shareholder of record or hold shares through a Cal Dive stock plan, you may vote by granting a proxy. For shares held in street name, you may vote by submitting voting instructions to your broker or nominee. If you are a shareholder of record or hold stock through a Cal Dive stock plan, you may vote by mail by signing and dating your proxy card and mailing it in the envelope provided. You should sign your name exactly as it appears on the proxy card. If you are signing in a representative capacity (for example as guardian, executor, trustee, custodian, attorney or officer of a corporation), you should indicate your name and such title or capacity.

For shares held in street name, you should follow the voting directions provided by your broker or nominee. You may complete and mail a voting instruction card to your broker or nominee or, in most cases, submit voting instructions by telephone or the internet. If you provide specific voting instructions by mail, telephone or the internet, your shares will be voted by your broker or nominee as you have directed.

HOW DO I VOTE MY SHARES IN PERSON AT THE MEETING?

If you are a shareholder of record, to vote your shares at the meeting you should bring the enclosed proxy card and proof of identification. You may vote shares held in street name at the meeting only if you obtain a signed proxy from the record holder (broker or other nominee) giving you the right to vote the shares.

Even if you plan to attend the meeting, we encourage you to vote by proxy card, telephone or internet so your vote will be counted even if you later decide not to attend the Annual Meeting.

WHAT DOES IT MEAN IF I RECEIVE MORE THAN ONE PROXY CARD?

It means you hold shares registered in more than one account. To ensure that all your shares are voted, sign and return each proxy card.

MAY I CHANGE MY VOTE?

Yes. You may change your vote and revoke your proxy by:

- Sending a written statement to that effect to the Corporate Secretary of Cal Dive;
- Submitting a properly signed proxy card with a later date; or
- Voting in person at the Annual Meeting.

PROPOSAL 1: ELECTION OF DIRECTORS

The Board of Directors is divided into three classes of similar size. The members of each class are elected to serve a three-year term with the term of office of each class ending in successive years. S. James Nelson, Jr. and William L. Both of these nominees are currently Directors and were elected to the Board of Directors by the shareholders. The Board consists of eight members.

All of the nominees have indicated a willingness to serve if elected. However, if any nominee becomes unable to serve before the election, the shares represented by proxies may be voted for a substitute designated by the Board, unless a contrary instruction is indicated on the proxy.

THE BOARD RECOMMENDS A VOTE FOR THESE TWO NOMINEES.

DIRECTOR COMPENSATION

The Cal Dive International, Inc. non-employee director compensation plan has three components: director fees, expenses and stock options. The Company pays the reasonable out-of-pocket expenses incurred by each Director in connection with attending the meetings of the Board of Directors, and any committee thereof, and of meetings of the Board of a subsidiary. In addition, the Directors (other than Messrs. Kratz, Nelson and Ferron, who are employed by the Company) receive an annual director's fee of \$30,000 and \$1,000 per Board Meeting for attending each of four regularly scheduled quarterly meetings. Furthermore, each of the outside Directors receives an annual Committee retainer fee of \$5,000 and a fee of \$2,000 (\$3,000 for the Chair) for each committee meeting attended. During the year ended December 31, 2002, Directors (other than Company employees) received an aggregate of \$176,657.

Pursuant to the Company's 1995 Long Term Incentive Compensation Plan, as amended (the "1995 Plan"), each non-employee Director receives at the time they join the Board options to purchase 44,000 shares of the Common Stock of the Company at an exercise price equal to the fair market value of the Common Stock

on the date of grant. As with other Company options, these vest equally over five years and expire on their tenth anniversary. As of March 17, 2003, options for 44,000 shares were outstanding to each of Gordon F. Ahalt, John V. Lovoi, William L. Transier and Anthony Tripodo, and options for 14,256 shares were outstanding to Bernard J. Duroc-Danner.

CERTAIN TRANSACTIONS

In April 2000, ERT acquired a 20% working interest in Gunnison, a Deepwater Gulf of Mexico prospect operated by Kerr-McGee Oil & Gas Corporation. Consistent with CDI's philosophy of avoiding exploratory risk, financing for the exploratory costs was provided by an investment partnership (OKCD Investments, Ltd.), the investors of which are CDI senior management, in exchange for an overriding royalty interest of 25% of CDI's 20% working interest. CDI provided no guarantees to the investment partnership.

At that time, the Board of Directors established three criteria to determine a commercial discovery and the commitment of Cal Dive funds: 75 million barrels (gross) of reserves, total development costs of \$500 million consistent with 75 MBOE, and a CDI estimated shareholder return of no less than 12%. Kerr-McGee, the operator, drilled several exploration wells and sidetracks in 3,200 feet of water at Garden Banks 667, 668 and 669 (the Gunnison prospect) and encountered significant potential reserves resulting in the three criteria being achieved during 2001. With the sanctioning of a commercial discovery, the Company is funding ongoing development and production costs. Cal Dive's share of such project development costs is estimated in a range of \$100 million to \$110 million (\$63.3 million of which had been incurred by December 31, 2002) with over half of that for construction of the spar. Mr. Kratz, as General Partner of OKCD personally owns 55.9329% as CEO of the Company, has awarded OKCD interests aggregating 39% to key CDI employees as a bonus incentive to continue employment at Cal Dive.

As part of the process of obtaining funding for the exploratory costs of such projects, several outside third parties will be solicited. Management believes that the fund structure of current (and all future, if any) transactions will be both consistent with the Guidelines and at least as favorable to the Company and ERT as could have been obtained from the third parties.

INDEPENDENT PUBLIC ACCOUNTANTS

On June 13, 2002, the Company's Board of Directors, upon the recommendation of its Audit Committee, dismissed Arthur Andersen LLP and appointed Ernst & Young LLP to serve as the Company's independent auditors for fiscal year 2002. The decision to change principal accountants was recommended by the Audit Committee and was approved by the Board of Directors.

Arthur Andersen's reports on Cal Dive's consolidated financial statements for the two fiscal years ended December 31, 2000 and December 31, 2001 did not contain an adverse opinion or disclaimer of opinion, nor were they qualified or modified as to uncertainty, audit scope or accounting principles. Additionally, during the two fiscal years ended December 31, 2000 and December 31, 2001 through the date of Arthur Andersen's dismissal, there were no disagreements with Arthur Andersen on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure which, if not resolved to Arthur Andersen's satisfaction, would have caused Arthur Andersen to make reference to the subject matter in connection with its reports on the Company's consolidated financial statements for such years; and there were no reportable events, as listed in Item 304(a)(1)(v) of Regulation S-K. The Company provided Arthur Andersen a copy of the foregoing disclosures and Arthur Andersen advised the Company by letter dated June 18, 2002, that it has found no basis for disagreement with such statements.

During the fiscal years ended December 31, 2000 and December 31, 2001 through the date of engagement of Ernst & Young, the Company did not consult with Ernst & Young with respect to the application of accounting principles to a specified transaction, either completed or proposed, or the type of audit opinion that might be rendered on the Company's consolidated financial statements, or any other matters or reportable events as set forth in Items 304(a)(2)(i) and (ii) of Regulation S-K.

Ernst & Young LLP has served as the Company's independent public accountants providing auditing and financial services since their engagement in fiscal 2002, and will continue to provide such services during fiscal 2003. We expect that representatives of Ernst & Young LLP will be present at the Annual Meeting and will have the opportunity to make a statement if they desire to do so. They will also be available to respond to appropriate questions.

REPORT OF THE AUDIT COMMITTEE

Management is responsible for the Company's internal controls, financial reporting process and compliance with laws, regulations and ethical business standards. The independent auditors are responsible for performing an independent audit of the Company's financial statements in accordance with generally accepted auditing standards and issuing a report thereon. The primary purpose of the Audit Committee is to assist the Board in fulfilling their oversight responsibility to the shareholders, potential shareholders, the investment community, and others relating to: (1) the integrity of the financial statements of the Company, (2) the compliance by the Company with legal and regulatory requirements, (3) the performance of the Company's internal audit function and independent auditors, and (4) the independent auditor's qualifications and independence. Its duties are more specifically described in the Audit Committee Charter and generally include those described on page 9 hereof.

The Audit Committee is the principal liaison between the Board of Directors and the independent auditors for the Company. The functions of the Audit Committee are not intended to duplicate or to certify the activities of management and the independent auditors and are in no way designed to supersede or alter the traditional responsibilities of the Company's management and independent auditors. The Audit Committee's role does not provide any special assurances with regard to the Company's financial statements, nor does it involve a professional evaluation of the quality of the audits performed by the independent auditors. In 2002, the Audit Committee was composed of three non-employee Directors: Mr. Transier (Chairman), Mr. Ahalt and Mr. Duroc-Danner. All members of the Company's Audit Committee are independent (as independence is defined in Rule 4200(a)(15) of the NASD listing standards, as may be modified from time to time). The Board of Directors has adopted an amended written charter for the Audit Committee, a copy of which is attached to this Proxy Statement as Exhibit "A". During the fiscal year ended December 31, 2002, the Audit Committee conducted eight meetings.

In connection with the December 31, 2002 financial statements, the Audit Committee: (1) reviewed and discussed the audited financial statements with management and the auditors; (2) discussed with the auditors the matters required to be discussed by Statement on Auditing Standards No. 61, as may be modified or supplemented; (3) received written disclosures and the letter from the auditors required by Independence Standards Board Statement No. 1 and has discussed with the auditors their independence; and (4) has discussed with the independent auditors (in Executive session outside of the presence of management) the audited financial statements and the independent auditor's independence. Based upon these reviews and discussions, the Audit Committee recommended to the Board of Directors that the audited financial

statements be included in the Company's Annual Report on Form 10-K/A for the fiscal year ended December 31, 2002.

Johnson 3d, Chairman of FMR Corp., has the sole power to vote or direct the voting of the shares owned directly by the Fidelity Funds, which power resides with the Funds' Boards of Trustees. Fidelity Management Trust Company, a wholly owned subsidiary of FMR Corp. and a bank as defined in Section 3(a)(6) of the Securities Exchange Act of 1934, is the beneficial owner of 853,100 shares or 2.286% of the Common Stock outstanding of the Company as a result of its serving as investment manager of the institutional account(s). (1) Only one Director or executive officer, Owen Kratz, beneficially owns more than 1% of the shares outstanding. Mr. Kratz owns approximately 6.67% of the outstanding shares. Our Directors and executive officers as a group beneficially own 3,200,442 shares, which represents approximately 8.40% of the shares outstanding.

(2) Amounts include the shares shown in the last column, which are not currently outstanding but are deemed beneficially owned because of the right to acquire them pursuant to options exercisable within 60 days (on or before June 11, 2003).

(3) In March of 2002, Mr. Kratz entered into a five-year Maximum Monetization and Asset Protection (MMAAP) Agreement with UBS Warburg LLC using 500,000 shares of his Cal Dive Common Stock. He entered into this transaction to exercise 500,000 CDI stock options that would have otherwise expired on April 1, 2002. In November 2002, Mr. Kratz entered into a Variable Prepaid Forward Agreement with Credit Suisse First Boston for up to 300,000 shares of Cal Dive Common Stock (although only 250,000 shares were made subject to the agreement). He entered into both transactions to create liquidity for living expenses since in 2000-2002, Mr. Kratz was not paid a salary or bonus in cash, but instead was compensated solely through grants of non-qualified options on Cal Dive Common Stock. While these transactions are required to be reported as forward sales under Rule 144, they are essentially mechanisms that allow Mr. Kratz to borrow against the future value of the stock. The terms of each of these forward sales is five years, with an upper strike price of 150% and 195%, respectively, of the initial share price. Mr. Kratz has received an advance equal to a significant percentage of the initial share price. It is Mr. Kratz's current intention to cash settle these transactions prior to maturity, thereby continuing to retain beneficial ownership of the 750,000 shares, although he retains the right to settle the transactions by delivery of the shares.

(4) Mr. Kratz disclaims beneficial ownership of 500,000 shares, and options to acquire another 60,000 shares, included in the above table, which are held by Joss Investments Limited Partnership, an entity of which he is a General Partner.

(5) Mr. Ferron disclaims beneficial ownership of 61,394 shares included in the above table, which are held by the Uncle John Limited Partnership, an entity of which he is a General Partner.

(6) Mr. Pursell disclaims beneficial ownership of 12,500 shares included in the

above table, which are held by WT Kona Redbird Limited Partnership, an entity of which he is a General Partner.

Section 16(a) Beneficial Ownership Reporting Compliance. Section 16(a) of the Securities Exchange Act of 1934 requires the Company's Directors and executive officers and persons who own more than ten percent of a registered class of the Company's equity securities to file with the SEC and the Nasdaq National Market reports of ownership and changes in ownership of the Company's common stock. Directors, executive officers and greater than ten percent stockholders are required by SEC regulations to furnish the Company with copies of all Section 16(a) forms they file. Based solely on a review of the copies of these reports furnished to the Company, all reports required to be filed pursuant to Section 16(a) of the Exchange Act were filed on a timely basis except one filing on Form 3 for each of Messrs. Duroc-Danner and Transier, one filing on Form 5 by Mr. Duroc-Danner and one filing on Form 4 for Mr. Kratz. A review of the records could not conclusively establish that Messrs. Duroc-Danner and Transier had filed a Form 3 upon joining the Board of Directors. According, Messrs. Duroc-Danner and Transier filed a Form 3 on February 3, 2003 and September 7, 2002, respectively. Mr. Duroc-Danner also filed the Form 5 on February 3, 2003. Mr. Kratz inadvertently failed to file a Form 4 following the sale of 250,000 shares as part of an underwritten public offering in 2000 or to report options granted in 2000-2002. Accordingly, a Form 5 is in the process of being prepared for filing with the SEC.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

No member of the Compensation Committee of the Board of Directors of the Company was, during fiscal 2002, an officer or employee of the Company or any of its subsidiaries, or was formerly an officer of the Company or any of its subsidiaries, or had any relationships requiring disclosure by the Company under Item 404 of Regulation S-K.

During fiscal 2002, no executive officer of the Company served as (i) a member of the compensation committee (or other board committee performing equivalent functions) of another entity, one of whose executive officers served on the Compensation Committee of the Board of Directors, (ii) a director of another entity, one of whose executive officers served on the Compensation Committee, or (iii) a member of the compensation committee (or other board committee performing equivalent functions) of another entity, one of whose executive officers served as a director of the Company.

REPORT OF THE COMPENSATION COMMITTEE ON FISCAL 2002 EXECUTIVE COMPENSATION

OVERVIEW

In 2002, the Compensation Committee of the Board of Directors (the "Committee") was composed of Messrs. Duroc-Danner (Chairman), Ahalt and Transier. The Committee is responsible for establishing the compensation policies and administering the compensation programs for Cal Dive's executive officers and other key employees and administers the grant of stock-based awards under the Company's 1995 Long Term Incentive Compensation Plan. The Committee periodically reviews peer group compensation and engages independent compensation consultants to assist them in this process. In carrying out its duties, the Committee intends to make all reasonable attempts to comply with the requirements to exempt executive compensation from the \$1 million deduction limitation under Section 162(m) of the Internal Revenue Code, unless the Committee determines that such compliance in given circumstances would not be in the best interests of Cal Dive and its shareholders.

COMPENSATION PHILOSOPHY

The compensation program for executive officers is designed to:

- provide a competitive total compensation package that enables the Company to hire, develop, reward and retain key executives.
- tie bonuses and executive compensation to the Company's annual business objectives, strategies and stockholder value. The Company's compensation philosophy is also intended to reward individual initiative and achievement, and to assure that the amount and nature of executive compensation is reasonably commensurate with the Company's financial condition, results of operations and Common Stock performance.

Base Salary. The Committee annually reviews and approves the base salaries of executive officers and other officers and employees, taking into consideration management's recommendations regarding individual performance, retention, the level of responsibility, the scope and complexity of the position and competitive practice.

Annual Incentive Bonus. Executive officers are eligible for annual incentives under the shareholder approved Management Incentive Plan. In order to link a portion of executive compensation to Company performance, the Committee determined to continue during 2002 an annual bonus plan under which each officer, the Company's profit center managers and other key employees could earn an annual bonus of between 30% to 100% or more of salary based on the quality of the individual's performance and the attainment of pre-established revenue and profit goals by the Company as a whole and by individual profit centers. The exact amount of the bonus paid to the executive officers is determined by the Compensation Committee.

The ERT core management group has a contractual bonus program based on a percentage of pre-tax net income for the year. Non-management administrative personnel are also paid discretionary bonuses from this pool.

Long Term Incentive. Another element of the Committee's performance-based compensation philosophy is the 1995 Incentive Compensation Plan. The purpose of the Plan is to link the interests of management to the interests of stockholders and focus on intermediate and long-term results. Stock option grants are typically made at 100% of the market value of the stock on the date of the award, are not exercisable during the first year after the award and are exercisable thereafter under a vesting schedule selected by the Committee that specifies the number of the options becoming exercisable each year throughout the schedule. The size of option grants is determined subjectively, generally in approximate proportion to the officer's level of responsibility and experience.

Compensation of Chief Executive Officer. The CEO's compensation consists of base salary, annual incentive and long-term incentives. Pay levels and opportunity are established by the Committee in the same manner as for other executive officers described above. The Company and Mr. Kratz entered into a multi-year employment agreement (the "Kratz Employment Agreement") effective February 28, 1999. Pursuant to the provisions of the Kratz Employment Agreement, Mr. Kratz's annual base salary is \$280,000 as Chairman and Chief Executive Officer. Mr. Kratz's salary is subject to review by the Board of Directors annually. Mr. Kratz is also entitled to participate in all profit sharing, incentive, bonus and other employee benefit plans made available to the Company's executive officers, but does not have the right to cause the Company to purchase his shares. The Kratz Employment Agreement contains the same "Good Cause" and "Change of Control" provisions as described under "Executive Compensation -- Summary of Employment Contracts".

Under the Kratz Employment Agreement, Mr. Kratz is eligible for an annual bonus up to 100% of his base salary upon the attainment of certain Company-wide performance goals (where exceeding those goals can cause the bonus to exceed 100%), the amount of which is to be determined by the Compensation Committee. Pursuant to the terms of the Kratz Employment Agreement, and in consideration of previous agreements that were canceled, Mr. Kratz was granted options to purchase 500,000 shares of Common Stock beginning April 11, 1998 at an option exercise price of \$4.75 per share. All 500,000 of such options were exercised by Mr. Kratz in 2002.

During 2000, the Board of Directors approved a "Stock Option in Lieu of Salary Program" for Mr. Kratz. Under the terms of the program, Mr. Kratz may annually elect to receive non-qualified stock options (with an exercise price equal to the closing stock price on the date of grant) in lieu of cash compensation with respect to his base salary and any bonus earned under the annual incentive compensation program. The number of shares granted is determined utilizing the Black Scholes valuation model as of the date of grant with a risk premium included. Mr. Kratz made such election for 2001 and 2002 resulting in a total of 180,000 shares being granted during 2001 (100,000 of which related to a bonus earned under the Annual Incentive Compensation Program) at an option exercise price of \$26.75 per share for the salary and \$21.38 per share for the bonus and a total of 105,000 shares granted during 2002 (none of which related to a bonus caused under the Annual Incentive Compensation program) at an option exercise price of \$21.83 per share. For 2003, Mr. Kratz has elected to take his salary and bonus (if any) in cash, rather than receiving non-qualified stock options.

At the end of Mr. Kratz's employment with the Company, the Company may, in its sole discretion under the Kratz Employment Agreement, elect to trigger a non-competition covenant pursuant to which Mr. Kratz will be prohibited from competing with the Company in various geographic areas for a period of up to five years. The amount of the non-competition payment to Mr. Kratz under the Kratz Employment Agreement will be his then base salary plus insurance benefits for the non-competition period.

CONCLUSION

Consistent with its compensation philosophy, the Committee believes the executive officer compensation program provides incentive to attain strong financial performance and is strongly aligned with shareholder interests. The Committee believes that Cal Dive's compensation program directs the efforts of Cal Dive's executive officers toward the continued achievement of growth and profitability for the benefit of the Company's shareholders.

- (2) The Bonus reflected in a fiscal year is based on that year's performance.
- (3) In 2002, Named Executive Officers (other than Mr. Edwards) were eligible for annual incentives under the shareholder approved Management Incentive Plan. An annual bonus of between 30% to 100% or more of salary is payable based on individual performance and the attainment of pre-established revenue and profit goals by the Company.
- Mr. Edwards and the rest of the ERT Core Management Group have a contractual bonus program based on a percentage of pre-tax net income for the year. Personnel other than the Core Management Group, including administrative personnel, are also paid discretionary bonuses from this pool. For fiscal year 2002, we paid bonuses aggregating approximately \$2.1 million.
- (4) In 2001 and 2002, Mr. Kratz elected to receive non-qualified stock options (with an exercise price equal to the closing stock price on the date of grant) in lieu of his base salary and bonus earned under our "Stock Option in Lieu of Salary Program." Mr. Kratz's election for 2001 resulted in a total of 180,000 shares being granted during 2001 (100,000 of which related

to a bonus earned under the 2001 annual incentive compensation program). Mr. Kratz's election for 2002, resulted in a total of 105,000 shares being granted during 2002 (none of which related to bonus earned under the 2002 annual incentive compensation program).

For 2003, Mr. Kratz has elected to take his salary and bonus (if any) in cash, rather than receiving non-qualified stock options.

(1) The six-year stock options granted in 2002 by the Company to Mr. Kratz were in lieu of salary (see Report of the Compensation Committee) and vest ratably over one year following the date of grant. Such stock options will, however, become immediately exercisable in their entirety upon the occurrence of certain events specified in the 1995 Long Term Incentive Compensation Plan.

(2) The Black-Scholes option pricing model was used to determine the grant date present value of the stock options granted in 2002 by the Company to Mr. Kratz. Under the Black-Scholes option pricing model, the grant date present value of the stock option referred to in the table was calculated to be \$12.784. The following facts and assumptions were used in making such calculation: (a) an unadjusted exercise price of \$21.83; (ii) a fair market value of \$21.83 for one share of Company Common Stock on the date of grant; (iii) no dividend yield; (iv) a stock option term of six years; (v) a stock volatility of 59%, based on an analysis of weekly closing stock prices of shares the Company since going public in July, 1997 and of the Company's peer group Common Stock for the three years preceding the date of grant; and (vi) an assumed risk-free interest rate of 4.0%, which approximates to the yield on a five-year treasury note on the date of grant. No other discounts or restrictions related to vesting or the likelihood of vesting of stock options were applied. The resulting grant date present value was multiplied by the total number of stock options granted to Mr. Kratz to determine the total grant date present value of such stock options granted to Mr. Kratz.

SUMMARY OF EMPLOYMENT CONTRACTS

All of our Named Executive Officers have entered into employment agreements with the Company. Each of Messrs. Ferron, Nelson and Pursell's employment contracts have similar terms involving salary, bonus and benefits (with amounts that vary due to their responsibilities), but none of them have the right to cause the Company to purchase his shares. Mr. Kratz's contract is described under "Report of the Compensation Committee for Fiscal Year 2002 Executive Compensation." Mr. Edwards' contract as President of ERT is different than other CDI contracts as it runs year-to-year and covers only salary, benefits and a profit sharing bonus program based upon ERT's financial performance. His bonus is based on a sliding scale percentage of up to 4% of ERT's pre-tax net income.

Each of the executive employment agreements provide, among other things, that if we pay specific amounts, then until the later of February 28, 2005 or the first or second anniversary date of termination of the executive's employment with us (depending on the event of termination), the executive shall not, directly or indirectly either for himself or any other individual or entity, participate in any business which engages or which proposes to engage in the business of providing diving services in the Gulf of Mexico or any other business actively engaged in by us on the date of termination of employment, so long as we continue to make payments to such executive, including his base salary and insurance benefits received by senior executives of the Company. We also entered into employment agreements with the remainder of our other senior officers substantially similar to the above agreements.

If a Named Executive Officer terminates his employment for "Good Cause" or is terminated without cause during the two year period following a "Change of Control," we would (a) make a lump sum payment to him of two times the sum of the annual base salary and annual bonus paid to the officer with respect to the most recently completed fiscal year, (b) all options held by such officer under the CDI 1995 Long Term Incentive Plan would vest, and (c) he would continue to receive welfare plan and other benefits for a period of two years or as long as such plan or benefits allow. For the purposes of the employment agreements, "Good Cause" includes both that (a) the CEO or COO shall cease employment with us and (b) one of the following: (i) a material change in the officer's position, authority, duties or responsibilities, (ii) changes in the office or location at which he is based without his consent (such consent not to be unreasonably withheld), (iii) certain breaches of the agreement. Each agreement also provides for payments to officers as part of any "Change of Control." A "Change of Control" for purposes of the agreements would occur if a person or group becomes the beneficial owner, directly or indirectly, of securities of the Company representing forty-five percent (45%) or more of the combined voting power of the Company's then outstanding securities. The agreements provided that if any payment to one of the covered officers will be subject to any excise tax under Code Section 4999, a "gross-up" payment would be made to place the officer in the same net after-tax position as would have been the case if no excise tax had been payable.

OMNIBUS BUDGET RECONCILIATION ACT OF 1993

Under Section 162(m) of the Code, as amended, no deduction by a publicly held corporation is allowed for compensation paid by the corporation to its most highly compensated executive officers to the extent that the amount of such compensation for the taxable year for any such individual exceeds \$1 million. Section 162(m) provides for the exclusion of compensation that qualifies as performance-based from the compensation that is subject to such deduction limitation. Incentive compensation granted through the Company's Stock Option Plan may also qualify as performance-based compensation if additional requirements are met. The Company anticipates that the components of individual annual compensation for each highly compensated executive officer that do not qualify for any exclusion from the deduction limitation of Section 162(m) will not exceed \$1 million and will therefore qualify for deductibility.

PROPOSAL 2: AMENDMENTS TO THE 1998 EMPLOYEE STOCK PURCHASE PLAN

The Board of Directors has unanimously approved and recommends that the shareholders approve the proposed amendments to the 1998 Employee Stock Purchase Plan (the "Plan").

REASONS FOR THE PROPOSAL

The Plan was approved by the Board of Directors in November 1997, and by the shareholders at the May 1998 Annual Meeting. It is intended as an incentive and to encourage stock ownership by eligible employees so that they may share in the fortunes of the Company by acquiring or increasing their proprietary interest. The Plan is designed to encourage eligible employees to remain in the employ of the Company. Purchase rights issued pursuant to this Plan constitute options issued pursuant to an "employee stock purchase plan" within the meaning of Section 423 of the Internal Revenue Code of 1986, as amended (the "Code"). The proposed amendments are as follows: (1) to increase the number of authorized shares from 200,000 shares (as adjusted for stock splits) to 500,000 shares and (2) to make conforming changes to the Plan to permit earlier participation by new employees and to comply with applicable regulatory requirements.

SUMMARY OF THE PLAN

THE FOLLOWING IS A SUMMARY OF THE PLAN AS RECENTLY APPROVED BY THE BOARD OF DIRECTORS AND IS QUALIFIED IN ITS ENTIRETY BY REFERENCE TO THE COMPLETE TEXT OF THE PLAN WHICH IS ATTACHED HERETO AS EXHIBIT "B".

ELIGIBILITY

Subject to limitations under the Code, all employees of the Company (and its subsidiaries) shall be eligible to receive purchase rights to purchase shares of the Company's Common Stock. Employees shall be eligible on the first day of the immediately following January or July, as applicable, to participate in the Plan as of that payment period (each such six-month period constituting a "Payment Period"). For purposes of the Plan, the term "employee" does not include an employee whose customary employment is 20 hours or less per week or is for five months or less in any calendar year. In no event may an employee be granted a purchase right under the Plan if that employee owns stock possessing five percent (5%) or more of the total combined voting power or value of all classes of stock of the Company.

Mr. Kratz is not eligible to participate in the Plan as he owns more than five percent of the Company's Common Stock. Those executive officers who elect to participate in the Plan participate on the same basis as all other employees. Non-employee directors are not eligible to participate in the Plan.

STOCK SUBJECT TO PLAN

The aggregate number of shares that may be issued pursuant to the Plan, subject to shareholder approval, is 500,000 shares, subject to increase or decrease by reason of stock splits, reclassifications, stock dividends, changes in par value, and similar matters requiring adjustment. The number of shares each participant is permitted to purchase during each Payment Period is determined by dividing \$12,500 by the fair market value of the Common Stock on the first business day of each Payment Period. No employee is permitted to purchase Common Stock under this Plan and any similar plans of the Company or any parent or subsidiary corporations that accrue at a rate which exceeds \$25,000 of the fair market value of such Common Stock (determined as of the date such option is granted) for each calendar year in which an option first becomes exercisable.

PAYMENT PERIODS AND PURCHASE OPTIONS

Except as described hereinafter, twice each year on January 1 and July 1, the Company will grant to each eligible employee an option to purchase, on the last business day of such Payment Period, at the Purchase Price hereinafter provided for, such number of shares of Common Stock reserved for the purpose of the Plan as his or her accumulated payroll deductions on such date will pay for at such Purchase Price. The Purchase Price shall be the lesser of (i) 85% of the fair market value of the Common Stock on the first business day of the Payment Period; or (ii) 85% of the fair market value of the Common Stock on the last business day of the Payment Period. For purposes of this Plan, the term "fair market value" means, on any date, the average of the high and low prices of the Common Stock on the NASDAQ National Market System or, if the Common Stock is traded over-the-counter or on another national securities exchange, such price or exchange as designated by the Committee.

ELECTION TO PARTICIPATE IN THE PLAN

An eligible employee may become a participant in the Plan by filling out, signing and delivering to the Benefits Department an authorization form ("Authorization Form") provided by the Benefits Department stating the percentage to be deducted regularly from his or her pay and authorizing the purchase of Common Stock for him or her in each Payment Period in accordance with the terms of the Plan. Such Authorization Form must be received by the Benefits Department at least ten (10) days before the beginning date of the next succeeding Payment Period.

Unless an employee files a new Authorization Form or withdraws from the Plan, his or her deductions and purchases under the Authorization Form he or she has on file under the Plan will continue in effect for that Payment Period as long as the Plan remains in effect. A new Authorization Form is required to be submitted at least ten (10) days before the beginning date of the next succeeding Payment Period, even if no changes are being made. If a new Authorization Form is not timely received by the Benefits Department, the employee will not participate in the next succeeding Payment Period.

The Company will accumulate and hold for the employee's account the amounts deducted from his or her pay. No interest will be paid on these amounts.

MAXIMUM AMOUNT OF PAYROLL DEDUCTIONS

An employee may authorize payroll deductions in any whole percentage up to but not more than 10% of his or her regular base pay (which excludes payments for severance pay, bonus and other special items, but includes overtime), provided, however, that the minimum deduction in respect of any payroll period shall be 1% (or such lesser amount as the Committee shall establish). An employee may not make any additional payments into his or her account.

WITHDRAWAL FROM THE PLAN

An employee may withdraw from the Plan, in whole but not in part, at any time prior to 10 days before the last business day of each Payment Period by delivering a Withdrawal Notice to the Committee as defined in the Plan. In this case, the Company will promptly refund the entire balance of his or her payroll deductions which have not been applied to purchase Common Stock under the Plan. An employee who withdraws from the Plan is treated as an employee who has not participated in the Plan. To re-enter, he or she must file a new Authorization Form at least 10 days before the beginning date of the next Payment Period.

ISSUANCE OF STOCK/UNUSED PAYROLL DEDUCTIONS

Upon written request by the employee to the Plan Administrator, certificates of stock will be issued to participants, as appropriate, as soon as practicable. Fractional shares will not be issued under the Plan. Any accumulated payroll deductions that would have been used to purchase fractional shares will be returned to the employee promptly without interest if the employee ceases participation in the Plan, or carried over to the next Payment Period if the employee continues in the Plan.

TRANSFER AND TERMINATION OF EMPLOYEE'S RIGHTS

An employee's rights under the Plan are solely for the employee and may not be transferred or assigned to any other person. Any option granted to an employee may be exercised only by such employee. An employee's rights under the Plan will terminate when he or she ceases to be an employee for any reason, including retirement, resignation, lay-off, discharge or death. A Withdrawal Notice will be deemed to have been received from the employee on the day his or her employment ceases, and all payroll deductions not used to purchase Common Stock will be refunded. If an employee's payroll deductions are interrupted by any legal process, a Withdrawal Notice will be deemed to have been received from him or her on the day the interruption occurs.

ADMINISTRATION OF THE PLAN

The Company will bear all costs of administering the Plan. The Plan shall be administered by a committee appointed by the Board of Directors of the Company (the "Committee") and be administered by a third party broker appointed by the Committee (the "Plan Administrator"). The Committee will consist of not less than three members. The interpretation and construction by the Committee in its discretion of any provisions of the Plan or of any purchase right granted under it shall be final unless otherwise determined by the Board of Directors. No member of the Board of Directors or the Committee shall be liable for any action or determination made in good faith and in its sole judgment with respect to the Plan or any purchase right granted under it. The officials of the Company charged with administering the Plan shall have full and absolute discretion in the exercise of their authority.

PURCHASERS NOT STOCKHOLDERS

The granting of an option to an employee and the deduction from his or her pay shall not entitle the optionee to any rights as a stockholder with respect to Common Stock subject to the option. Only after the shares of Common Stock have been purchased by and issued to such employee shall the rights of a stockholder apply.

WITHHOLDING AND FEDERAL INCOME TAXATION

The Company, in accordance with the Code and state tax law, if applicable, will withhold from the wages of participating employees, in all payroll periods following and in the same calendar year as the date on which compensation is deemed received by the employee, additional payroll taxes in respect of the amount that is considered compensation includable in the employee's gross income, resulting from the sale of Common Stock acquired under the terms of this Plan.

The Plan, and the right of participants to make purchases thereunder, is intended to qualify under the provisions of Section 423 of the Code. Under these provisions, no income will be taxable to a participant at the time of the grant or exercise of the purchase right. Upon any disposition of the shares at a gain, the participant will be subject to tax, and the character of the tax will depend upon the participant's holding period. If the shares have been held for more than two years after the grant date and more than one year after the transfer of shares to a participant, gain on disposition will be treated as ordinary income to the extent of the lesser of: (i) 15% of the fair market value of the shares on the first day of the grant date or (ii) the excess of the fair market value of the shares on the sale or disposition date over the purchase price for the shares. Any additional gain generally will be taxed as long-term capital gain, currently subject to the 12 month or 18 month rate, as applicable. If the shares are disposed of before the expiration of the applicable holding periods, the excess of the fair market value of the shares on the exercise date over the purchase price will be treated as ordinary income, and any further gain or loss on such disposition will generally be taxed as long-term or short-term capital gain or loss, depending on the holding period.

The Company is not entitled to a deduction for amounts taxed as ordinary income or capital gain to a participant except to the extent ordinary income is recognized by participants upon a sale or disposition of shares prior to the expiration of the holding periods described above.

THIS BRIEF SUMMARY OF THE FEDERAL INCOME TAX EFFECT UPON THE PARTICIPANTS AND THE COMPANY WITH RESPECT TO THE GRANT AND EXERCISE OF PURCHASE RIGHTS UNDER THE EMPLOYEE STOCK PURCHASE PLAN, AND THE DISPOSITION OF THE SHARES ACQUIRED THEREBY, DOES NOT PURPORT TO BE COMPLETE, AND REFERENCE SHOULD BE MADE TO THE APPLICABLE PROVISIONS OF THE CODE AND RELATED REGULATIONS FOR DETAILED INFORMATION CONCERNING TAX EFFECTS OF EACH SUCH TRANSACTION. ADDITIONALLY, THIS SUMMARY DOES NOT DISCUSS THE PROVISIONS OF THE INCOME TAX LAWS OF ANY MUNICIPALITY, STATE OR FOREIGN COUNTRY IN WHICH A PARTICIPANT MAY RESIDE.

EXHIBIT "B" TO PROXY STATEMENT

CAL DIVE INTERNATIONAL, INC.
1998 EMPLOYEE STOCK PURCHASE PLAN
(AS AMENDED AND RESTATED EFFECTIVE JULY 1, 2003)

1. PURPOSE AND ADMINISTRATION

The Cal Dive International, Inc. Employee Stock Purchase Plan (the "Plan") is intended as an incentive and to encourage stock ownership by all eligible employees of Cal Dive International, Inc. (the "Company") (and its Subsidiaries) so that they may share in the fortunes of the Company by acquiring or increasing their proprietary interest in the Company. This Plan is designed to encourage eligible employees to remain in the employ of the Company. Options issued pursuant to this Plan shall constitute options issued pursuant to an "employee stock purchase plan" within the meaning of Section 423 of the Internal Revenue Code of 1986, as amended (the "Code"), and the terms hereof shall be interpreted consistent with this requirement. The Plan is administered by a third party broker (the "Plan Administrator"). The local corporate benefits department ("Benefits Department") can provide contact information for the current Plan Administrator.

2. ELIGIBILITY

All employees of the Company (or any of its designated Subsidiaries), except employees in countries whose laws make such participation impractical, shall be eligible to receive options under this Plan to purchase the Company's no par common stock (the "Common Stock"). Effective as of January 1, 2002, an employee shall be eligible on the first day of the immediately following January or July, as applicable, to participate in the Plan for the applicable Payment Period (each such six-month period constituting a "Payment Period"). For purposes of this Plan, the term "employee" shall not include an employee whose customary employment is twenty (20) hours or less per week or is for five months or less in any calendar year.

In no event may an employee be granted an option under this Plan if that employee owns stock possessing five percent (5%) or more of the total combined voting power or value of all classes of stock of the Company or of its parent corporation or subsidiary corporation, as the terms "parent corporation" and "subsidiary corporation" are defined in Section 424(e) and (f) of the Code. For purposes of determining stock ownership under this paragraph, the rules of Section 424(d) of the Code shall apply and Common Stock that the employee may purchase under outstanding options shall be treated as Common Stock owned by the employee.

3. STOCK SUBJECT TO PLAN

The stock subject to options under this Plan shall be shares of the Company's Common Stock reacquired by the Company, including shares purchased in the open market. The aggregate number of shares that may be issued pursuant to this Plan is 500,000 shares, subject to increase or decrease by reason of stock splits, reclassifications, stock dividends, changes in par value, and similar matters requiring adjustment.

4. PAYMENT PERIODS AND STOCK OPTIONS

The six-month periods, January 1 to June 30 and July 1 to December 31, are Payment Periods during which payroll deductions will be accumulated under the Plan. Each Payment Period includes only regular pay days falling within it.

Twice each year, on the first Business Day of each Payment Period, the Company will grant to each eligible employee, who is then a participant in the Plan, an option to purchase, on the last Business Day of such Payment Period, at the Option Price hereinafter provided for, such number of shares of Common Stock as determined in this Section 4, reserved for the purpose of the Plan as his or her accumulated payroll deductions on such date will pay for at such Option Price; provided and on condition that such employee remains eligible to participate in the Plan throughout such Payment Period. The "Option Price" for each Payment Period shall be the lesser of (i) 85% of the Fair Market Value of the Common Stock on the first

Business Day of the Payment Period; or (ii) 85% of the Fair Market Value of the Common Stock on the last Business Day of the Payment Period. In the event of an increase or decrease in the number of outstanding shares of Common Stock through stock split-ups, reclassifications, stock dividends, changes in par value and the like, an appropriate adjustment shall be made in the number of shares and Option Price per share provided for under the Plan, either by a proportionate increase in the number of shares and a proportionate decrease in the Option Price per share, or by a proportionate decrease in the number of shares and a proportionate increase in the Option Price per share, as may be required to enable an eligible employee who is then a participant in the Plan as to whom an option is exercised on the last Business Day of any then current Payment Period to acquire such number of full shares as his or her accumulated payroll deductions on such date will pay for at the adjusted Option Price.

On the first Business Day of each Payment Period, an employee shall be deemed to have been granted an option to purchase the number of shares of Common Stock determined by dividing \$12,500 by the Fair Market Value of the Common Stock on such day.

For purposes of this Plan, the term "Fair Market Value" means on any date the average of the high and low prices of the Common Stock on the NASDAQ National Market System during regular trading hours or, if the Common Stock is traded over-the-counter or on another national securities exchange, such price or exchange as designated by the Committee.

For purposes of this Plan the term "Business Day" as used herein means a day on which there is trading on the NASDAQ National Market System or such other national securities exchange as shall be designated by the Board of Directors pursuant to the preceding paragraph.

No employee shall be granted an option which permits his or her rights to purchase Common Stock under this Plan and any similar plans of the Company or any parent or subsidiary corporation to accrue at a rate which exceeds \$25,000 of the Fair Market Value of such Common Stock (determined as of the date such option is granted) for each calendar year in which an option first becomes exercisable. This limitation is required to comply with Section 423(b)(8) of the Code.

5. EXERCISE OF OPTION

Each eligible employee who continues to be a participant in the Plan on the last Business Day of a Payment Period shall be deemed to have exercised his or her option on such date and shall be deemed to have purchased from the Company such number of full shares of Common Stock reserved for the purpose of the Plan as his or her accumulated payroll deductions on such date will pay for at the Option Price. If a participant is not an employee on the last Business Day of a Payment Period, he shall not be entitled to exercise his or her option.

6. AUTHORIZATION FOR ENTERING PLAN

An eligible employee may become a participant in the Plan by filling out, signing and delivering to the Benefits Department an authorization form ("Authorization Form") provided by the Benefits Department:

(a) stating the percentage to be deducted regularly from his or her Regular Base Pay; and

(b) authorizing the purchase of Common Stock for him or her in each Payment Period in accordance with the terms of the Plan.

Such Authorization Form must be received by the Benefits Department at least ten (10) days before the beginning date of the next succeeding Payment Period. Unless an employee files a new Authorization Form or withdraws from the Plan, his or her deductions and purchases under the Authorization Form he or she has on file under the Plan will continue in effect for that Payment Period as long as the Plan remains in effect. A new Authorization Form is required to be submitted at least ten (10) days before the beginning date of the next succeeding Payment Period, even if no changes are being made. If a new Authorization Form is not timely received by the Benefits Department, the employee will not participate in the next succeeding Payment

Period. The Company will accumulate and hold for the employee's account the amounts deducted from his or her pay. No interest will be paid on these amounts.

7. MAXIMUM AMOUNT OF PAYROLL DEDUCTIONS

An employee may authorize payroll deductions in any whole percentage amount up to, but not more than 10%, of his or her Regular Base Pay); provided, however, that the minimum deduction in respect of any payroll period shall be 1% (or such other amount as the Committee shall establish). An employee may not make any additional payments into his or her account. "Regular Base Pay" includes base pay and overtime, but excludes payments for bonuses, other special items and severance.

8. CHANGE IN PAYROLL DEDUCTIONS

Payroll deductions may be changed prior to the beginning of each Payment Period by submitting a new Authorization Form to the Benefits Department.

9. WITHDRAWAL FROM THE PLAN

An employee may withdraw from the Plan, in whole but not in part, at any time prior to ten (10) days before the last Business Day of each Payment Period by delivering a "Withdrawal Notice" to the Benefits Department. The Company will promptly refund the entire balance of such employee's payroll deductions that have not been applied to purchase Common Stock under the Plan. An employee who withdraws from the Plan is treated as an employee who has not participated in the Plan. To re-enter, he or she must file a new Authorization Form at least ten (10) days before the beginning date of the next Payment Period.

10. ISSUANCE OF STOCK/UNUSED PAYROLL DEDUCTIONS

Upon written request by the employee to the Plan Administrator, certificates of stock will be issued to participants, as appropriate, as soon as practicable. Fractional shares will not be issued under the Plan. Any accumulated payroll deductions that would have been used to purchase fractional shares will be returned to the employee promptly without interest if the employee ceases participation in the Plan, or carried over to the next Payment Period if the employee continues in the Plan.

11. NO TRANSFER OR ASSIGNMENT OF EMPLOYEE'S RIGHTS

An employee's rights under the Plan are solely for the employee and may not be transferred or assigned to any other person. Any option granted to an employee may be exercised only by such employee.

12. TERMINATION OF EMPLOYEE'S RIGHTS

An employee's rights under the Plan will terminate when he or she ceases to be an employee for any reason, including retirement, resignation, lay-off, discharge or death. A Withdrawal Notice will be deemed to have been received from the employee on the day his or her employment ceases, and all payroll deductions not used to purchase Common Stock will be refunded. If an employee's payroll deductions are interrupted by any legal process, a Withdrawal Notice will be deemed to have been received from him or her on the day the interruption occurs.

13. TERMINATION AND AMENDMENTS TO PLAN

The Plan may be terminated at any time by the Company's Board of Directors. It will terminate in any case when all or substantially all of the unissued shares of Common Stock reserved for the purposes of the Plan have been purchased. If at any time shares of Common Stock reserved for the purposes of the Plan remain available for purchase, but not in sufficient number to satisfy all then unfilled purchase requirements,

the available shares shall be apportioned among participants in proportion to their options and the Plan shall terminate. Upon such termination or any other termination of the Plan, all payroll deductions not used to purchase Common Stock shall be refunded.

The Board of Directors also reserves the right to amend the Plan from time to time, in any respect provided, however, that no amendment shall be effective which would (a) increase the number of shares of Common Stock to be offered, except as provided in Section 3, or (b) change the class of employees eligible to receive options under the Plan, without prior approval of the stockholders.

14. LIMITATIONS ON SALE OF STOCK PURCHASED UNDER THE PLAN

The Plan is intended to provide Common Stock for investment and not for resale. The Company does not, however, intend to restrict or influence any employee in the conduct of his or her own affairs. An employee may, therefore, sell stock purchased under the Plan at any time he or she chooses; provided, however, that because of certain Federal tax requirements, each employee agrees, by participating in this Plan, to give the Company prompt notice of any such disposition of Common Stock that occurs before the later of (a) two years after the first Business Day of the Payment Period during which the stock was purchased (the "grant date"), and (b) one year after the transfer of the Common Stock to him or her, in each case identifying the date acquired and the number of such shares disposed of. The employee assumes the risk of any market fluctuations in the price of Common Stock purchased under this Plan. See Section 21, WITHHOLDING OF ADDITIONAL INCOME TAX.

15. COMPANY'S PAYMENT OF EXPENSES RELATED TO PLAN

The Company will bear all costs of administering and carrying out the Plan.

16. PARTICIPATING SUBSIDIARIES

The term "Subsidiaries" shall mean each subsidiary of the Company designated by the Board of Directors to participate in the Plan. The Board of Directors shall have the power to make such designations before or after the Plan is approved by the stockholders.

17. ADMINISTRATION OF THE PLAN

The Plan shall be governed by the Employee Benefits Committee appointed by the Board of Directors of the Company (the "Committee") and administered by the Plan Administrator appointed by the Committee. The Committee shall consist of not less than three members. The Board of Directors may from time to time remove members from, or add members to, the Committee. Vacancies on the Committee, for whatever reason, shall be filled by the Board of Directors. The Committee shall select one of its members as Chairman, and shall hold meetings at such times and places as it may determine. Acts by a majority of the Committee, or acts reduced to and approved in writing by a majority of the members of the Committee, including written approvals by electronic means, shall be valid acts of the Committee.

The interpretation and construction by the Committee in its discretion of any provisions of the Plan or of any purchase right granted under it shall be final unless otherwise determined by the Board of Directors. The Committee may from time to time adopt such rules and regulations for carrying out the Plan as it may deem best. No member of the Board of Directors or the Committee shall be liable for any action or determination made in good faith and in its sole judgment with respect to the Plan or any option granted under it.

18. THE EFFECT AND REVIEW OF ADMINISTRATIVE RULINGS

The officials of the Company charged with administering the Plan shall have full and absolute discretion in the exercise of their authority. All actions taken and all rulings or decisions made by those officials in the exercise of their powers and authorities in relation to the Plan shall be binding on all other parties even if the

official might have an actual or potential conflict of interest in the action, ruling or decision. No action, ruling or decision by the official shall be subject to de novo review in any judicial proceeding. No action, ruling or decision of any official may be set aside unless it has been held to be arbitrary or capricious by a final judgment of a court having jurisdiction with respect to the issue.

19. OPTIONEES NOT STOCKHOLDERS

The granting of an option to an employee and the deduction from his or her pay shall not entitle the optionee to any rights as a stockholder with respect to Common Stock subject to the option. Only after the shares of Common Stock have been purchased by and issued to such employee shall the rights of a stockholder apply.

20. APPLICATION OF FUNDS

The proceeds received by the Company from the sale of Common Stock pursuant to options granted under the Plan will be used for general corporate purposes.

21. GOVERNMENTAL REGULATION

The Company's obligation to sell and deliver shares of Common Stock under this Plan is subject to compliance with any governmental authority required in connection with the authorization, sale and issuance of Common Stock.

22. WITHHOLDING OF ADDITIONAL INCOME TAX

The Company, in accordance with Section 3402(a) of the Code (and the regulations and rulings promulgated thereunder) and state law, if applicable, will withhold from the wages of participating employees, in all payroll periods following and in the same calendar year as the date on which compensation is deemed received by the employee, additional income taxes in respect of the amount that is considered compensation includable in the employee's gross income, resulting from the sale of Common Stock acquired under the terms of this Plan.

23. INDEMNIFICATION

To the extent permitted under local law, each member of the Board of Directors and employees of the Company administering this Plan will be indemnified by the Company for all expenses incurred by the director or employee as a result of such director's or employee's administration of this Plan. Expenses incurred as a result of gross negligence and willful misconduct are excluded from this indemnification.

24. GOVERNING LAWS

Except to the extent superseded by the federal laws of the United States, the laws of the State of Texas, without regard to principles of conflicts of law, shall govern all matters relating to this Plan except to the extent it is superseded by the laws of the United States.

25. APPROVAL OF STOCKHOLDERS

This amended and restated Plan shall not be effective unless approved by the Company's stockholders within twelve (12) months before or after the date the amendment and restatement of the Plan is adopted by the Board of Directors.
